STRUCTURAL SAFETY CERTIFICATE TO WHOM IT MAY CONCERN

This certifies that a structural safety assessment has been conducted for the school building named **Suraj Bhan D.A.V. Public School, F-10/15, Vasant Vihar, New Delhi - 110057** in accordance with NBC and IS Codes.

The evaluation covered load analysis, structural elements (beams, columns, slabs, foundations), material strength, stress analysis, slenderness ratios, bearing capacity, and deflection limits. It is hereby certified that the structure is **SAFE and STABLE** for its intended use, with all members complying with permissible stress limits and slenderness ratios as per Indian Standards.

This certificate does not cover damage from natural calamities, including earthquakes, cyclones, floods, fire, explosions, bomb blasts, or ground subsidence. The school shall conduct inspections at regular intervals and immediately repair any structural deterioration, ensure proper drainage, maintain waterproofing systems, and address corrosion promptly. Foundation disturbance, removal or modification of load-bearing elements, addition of floors or loads beyond design capacity, and any structural alterations are strictly prohibited without prior structural re-assessment. Any change in occupancy or load pattern requires immediate re-evaluation and re-certification.

This certificate is **valid for one year** from the date of issue, subject to no structural alterations and proper maintenance as specified above.
